Boss 4.5 Power Chairs

by PaceSaver®

Unique Midi-Drive Design

Rugged, Reliable, Comfortable, Accessible, Smooth Stable Ride and Easy to Maneuver

450 LB. WEIGHT CAPACITY - GROUP 2

Admiral GPS Back with Options: Headrest, Pan Seat, ELR's and Extra Footplate

Boss 4.5
with Admiral Reclining Back & Pan Seat plus Options: Power Seat, Walker Holder & Elevated Leg Rests

- **Low Seat Pan Height (16.75" from floor) -** *Easier chair egress for shorter Bariatric user.*
- **Better Stability -** *Unique 3/4 Midi drive has 8° stability to prevent tipping or rocking like center drives.*
- **Designed for Agressive User -** *Larger batteries for longer range over many surfaces and hills.*
- **Comfortable Seating -** *Reclining Admiral seat with lumbar support is standard. Many other custom sizes and styles are available.*
- **Power Seat Option -** *Elevates up to 5".*
- **Custom Options Available -** *Many special features including accommodations for excess posterior tissue (Gluteal Posterior Shelf), Pannus (stomach) support, amputee support, special footplates and rehab styles.*

Featuring:

- **Powerful US Made Motors-** *High-capacity 4-Pole high-torque motors for maximum efficiency, power and long life.*
- **Heavy-duty Steel Frame with Adjustable Footplate-** *Rugged and reliable base with height & angle adjustable footplate.*
- **Programmable Controller-** *Advanced dual variable speed and proportional dual auxilliary motor control from the joystick.*
- **4-Point Seat Mount System -** *Easy battery access with adjustable seat height and angle.*
- **Custom Seat Options -** *Orthopedic contoured ComForBack in special sizes; Maxum or Minimizer features.*
- **Fast Charge Anywhere -** *Small, carry-along worldwide charger with battery-saver technology for longer battery life.*
- **Removable Arms -** *Arms are adjustable for width, height, depth and angle.*
- **Mirror-Glaze Finish** - *Long-lasting beauty, Color all thru body. Will not chip, peel or fade. Easy care-simply wipe with damp cloth.*
